

NWVL ENVIRONMENT POLICY

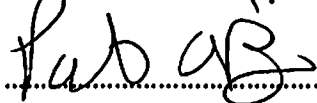

Natural Waters of Viti Ltd is a bottler and supplier of world class quality bottled artesian water. We are committed to conducting all of our business activities responsibly with due regard to environmental impact, sustainable performance and the protection of the environment.

NWVL seeks to achieve steady improvement in meeting and exceeding its environmental standards while working to minimize any negative impact on environment.

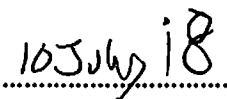

To reach these targets, NWVL:

- Implements and certifies the internationally recognized environment management system, ISO14001, to ensure accountability and continuous improvement.
- Conforms to all applicable environmental laws and regulations.
- Identifies elements that can interact with the environment, sets environmental goals, monitors results and audits processes in order to assess its performance against environmental standards.
- Subscribes to and complies with other requirements which relate to its business activities.
- Identifies and implements ways to improve the environment management systems.
- Educates and influences all employees on matters relating to the environment and the contents of Environmental Management Systems, specifically that the environment is everybody's responsibility, and all employees are accountable for environmental performance.
- Commits to identifying ways that minimizes the amount of energy used and waste produced in the course our activities.
- Works to prevent pollution
- Gives a high level of importance to the recycling of waste.
- Communicates its environmental requirements and performance to stakeholders.
